

Does Your Child Need a Tutor?

Our Mission

The Whole Kid's professional tutors are dedicated to helping kids learn the skills, habits and attitudes essential for success in school and beyond.

Services Offered:

- Subject-specific tutoring in **all** academic disciplines, including English and history; all levels of math elementary through calculus; biology, chemistry, and physics; Spanish, French and German;
- Support for students of all ages in becoming competent, fluent, and passionate readers;
- Support for dyslexic students, including instruction by Orton-Gillingham certified teachers;
- Individualized test preparation;
- Developing winning approaches to college essays;
- Academic and cognitive testing.

"The Whole Kid has had a profoundly positive effect on both of my sons' confidence and comfort with school. Each of my sons has had a markedly improved attitude and aptitude as to their school work as a result of The Whole Kid tutoring program. . . . The 'one-stop shopping' of The Whole Kid has allowed us to find, very painlessly, three great tutors in three different areas, all of whom have a great way with our boys. Tim Tibbitts runs a first-class operation which really is kid-centered and parent user friendly."

–Hawken parent, Solon, Ohio

The Whole Kid has provided tutoring services to students in more than a dozen area schools, including:

- Gesu
- Gilmour Academy
- Hathaway Brown School
- Hawken School
